## Volunteers Creating a Future—District Governor Donald Cobb Club Activities in the Spring

March is here, spring is around the corner, and it's time to start making plans for the coming Lions year. With many of our clubs still not meeting, we are still facing challenges on how to do things. But one thing we've found out during this year is that there is more than one way to get things done! As you know, March is the time when we typically start the process of electing new club officers for the coming year. I've had a question asked as to how we can do that if a club is not meeting. Well, there are several ways to do that and some of our clubs actually used some of these ways to elect officers for the current year.

Even if your club is not meeting, you can still follow the basic process for electing officers. A nominating committee should be appointed to develop a slate of officers for the coming year, and yes, you can ask the same individuals to serve another year. The nominating committee can meet by phone, Zoom, or by email to develop a slate of officers. The nominating committee can then submit their slate of officers to the president who can then email it to members for their information and to see if there is an additional nomination from the club. You can then hold your election by sending a ballot to each club member by email and ask them to vote and return their email to the president for counting. The president should then communicate to the club the results of the election. Remember, the election process is not complete until the results have been entered into the LCI website.

If your club is meeting by Zoom or in person, it's still time to start your election process as well so don't forget to get started. Doing everything in a timely manner insures you get off to a good start in the new year.

Speaking of elections, when are we going to hold elections for our district officers? Our district convention will be held on Saturday, March 20<sup>th</sup>, beginning at 10 am. We will be meeting by Zoom and elections will be held during the district cabinet meeting. Information regarding club delegates has already been sent to clubs and I would encourage you to return your delegate forms as soon as possible. Our convention planning committee led by 1<sup>st</sup> VDG Wayne Kennerly has been working hard to plan the convention as well as develop a process for our officer elections. In addition to our cabinet meeting and elections, we will also be joined by International Director Justin Faber who is from Michigan. While our convention will be different from our normal conventions, we will still have an opportunity to conduct our business, hear words from one of our International Directors, and get to visit with one another by Zoom.

It goes without saying it has been a difficult year for Lions across our district, state, nation and world. But, we've adapted, served our communities, and made do. Our service has continued across the district, perhaps not like we would have wanted, but we have continued to serve in many ways and I commend you for what you have done. You have continued to be "Volunteers Creating a Future" for others and I thank you for what you have done and continue to do. Be well and stay safe!

### ANNOUNCEMENT

Unfortunately, COVID-19 has carried over into 2021 and it appears that it will be with us for some time to come. While there are vaccines available and people are being vaccinated, it is going to be awhile before the vaccines are available to everyone, so that means we are still going to have to be careful and operate as we have been. Because of a medical condition I had years ago which could still affect my health, my doctors have told me I should avoid groups of people if at all possible and have almost gone so far as to forbid me from attending meetings with people across the state. I have finally decided to listen to them and as a result, I will not be making in-person district governor visits to clubs unless things clear up in the spring. For those clubs who are meeting by Zoom, I will be delighted to visit with you by Zoom and hope to schedule a meeting in the near future.

## 1st Vice District Governor — H. Wayne Kennerly

Having first-hand knowledge of being hit with covid-19, it is hard being completely shut off from others for several weeks. Finally getting out of the house and being with others is like having Christmas once again. Until one is shut off from their friends and family, no one should ever be in this situation it's terrible. We all need to stay as healthy as possible.

Having to be on Zoom for District Governor training 5 hours one day and 10 hours the next day made for a long weekend but it had to be done! Past International President Sid Scruggs, Past International Directors Gwen White, Harvey Whitley and PDG Rhett White did all the training. What a great training secession.

Helen Keller said that all the struggles that we have is one of our greatest blessings. She said that all of the struggles teach us sensitivity and patience. I can't imagine her struggle and what she had to go through during her early years.

Having a virtual Convention for District I on March 20th and a virtual State Convention April 24th reminds us of the obstacles that are still before us. We all should find opportunities that are still before us.

There are many challenges that need to be supported in each Lions Club location. Look in your own backyard and find those things that need to be addressed. Normally a good beginning will result in a good ending.

At our NCL Inc. Virtual meeting this past week a new promotion program statewide was approved. Hopefully this will give us much exposure that will help us bring in new members and possible new clubs. This could help those who are working on the NAMI program. This program will show what Lions are doing and help us in our 5 key areas of Service, Growth, Leadership Promotions, and Performance and hopefully help us meet our International goals.

Remember, each person counts, why not share Lionism?

### North Carolina Lions Eyeglass Recycling Program

According to The World Health Organization, 153 million people have uncorrected refractive errors (near-sightedness, far-sightedness or astigmatism). Most of these vision impairments are quickly diagnosed and easy to treat with corrective lenses.

Still, millions of people in developing nations are pushed deeper into poverty

simply because they don't have glasses. They can't learn, because reading is difficult. They can't work to the best of their ability, because they can't see clearly. For children, clear vision means a better education, healthier development, and a better quality of life. For adults, clear vision means greater employment opportunity and economic strength. For seniors clear vision means less dependence on others.

North Carolina Lions collect over 170,000 pairs of eyeglasses each year to address the need for glasses, making eyeglass recycling one of our most popular activities.

## 2nd Vice District Governor — Bill Mathers

As I sit here at my desk at the end of February, I feel some changes in the air. And that is good!!! It is sunny and almost seventy degrees outside today. Spring is just around the corner. And that is good!!! The news of Covid is getting better and better. However, we still have a long way to go. Many Lions are getting their vaccine shots. I get my second this Sunday at Panthers Stadium. The hospital rates are lowering. Deaths are slowing down. More Vaccines are becoming available. And that is good!!! I am hearing some great stories about Lions clubs in our district and across the state. Many, many, clubs are starting to work on new projects and meeting more often. Some in person and some still by Zoom. And that is good!!! Governor Cooper is lifting restrictions that will allow our clubs to go back to meeting in person in the not to distant future. And that is good!!! Our District I Convention will be here very, very soon. Your convention committee has planned an excellent convention on Zoom on March 20<sup>th</sup>. Plan on being there. And that is good!!!

We also have some very exciting news for the future of Lions in North Carolina. I attended the council of Governors Meeting in February and the Governors' voted unanimously to submit a bid to bring the Canadian/American forum to North Carolina in 2025. For those of you who are not aware of this forum, let me enlighten you. The Canadian/American Forum is the largest meeting of Lions in the world each year except for the Lions International Convention. It is a big, big, deal. Thousands of Lions from across the U.S and Canada, will attend this convention. It would be sponsored and hosted by the North Carolina Lions from across the state. Most importantly, District I (our District) would be the lead host since the Forum would be held right here in our own District in Charlotte. Can you imagine what this could mean to the Lions of District I. It would obviously help us recruit. It would help us receive tremendous publicity for all of us in District I. And as the host District, it would unify our District because the Forum will need about 300 Lion Volunteers to run the Convention.

Most of the volunteers will surely come from District I. There is one catch to all of this. WE HAVE TO WIN THE BID. Our state leaders will be making the bid for North Carolina in the next 2 months. I am sure we will get stiff competition for the bid. However, I have a lot of faith that our Forum Committee will do an outstanding job with the presentation. Let's, face it, North Carolina can sell itself. Sounds almost as much fun as getting an Olympic Bid to host the Olympics.

And that is very, very, very, very GOOD!!!!

Have a great month as a Lion...

Certification of Delegates for Spring Convention via Zoom  
Conference Call March 20, 2021

Please note that our certification process will be different this year since our convention will be held via Zoom conference call.

Each chartered Lions Club in District 31-I in good standing is entitled to one (1) voting delegate and one (1) alternate for each ten (10) members or major fraction thereof, as shown by the record of the International Office on the first day of February, 2021.

**\*\*\*NOTE THAT A CLUB IN GOOD STANDING has paid District and International dues.** Delinquent dues may be paid and good standing acquired up to fifteen (15) days prior to the close of credential certification, so the deadline is February 28, 2021. Voting delegates and alternates must have been a member of the club for a year and a day.

Please note that District Governors and Past District Governors in good standing are full delegates in their own right with voting rights and are not to be counted in your club's delegate count. Their club, however, must be in Good Standing. They do need to be listed on your delegates form (with the designation DG or PDG) to be certified.

Delegates and alternates at the Convention on March 20<sup>th</sup> will be certified by the District Secretary by March 15, 2021, and will be considered registered at that time. If a delegate is unable to participate in the Zoom convention, he/she must notify the District Secretary by email prior to March 15, 2021, and also provide the name of the alternate who will be voting in his/her place.

Please remember to submit your delegate certification form to the District Cabinet Secretary, Lion Michelle Gregory, no later than Monday March 15<sup>th</sup>. Club Secretaries received an email from Lion Michelle on or about Feb 1<sup>st</sup>. If you did not, please contact her immediately for the information you need to certify delegates for your club. The certification process is a little bit different this year, since our cabinet meeting and the election will be held via a zoom meeting.

Our Leader Dogs for the Blind folks have been very busy trying to keep us informed of the great work they are continuing to get done even though they are really confined with this Covid situation. They can not have our blind and VIPs to come to Rochester Hills, Michigan for their training and receiving their dogs SO they are going to their homes to take a dog to them! This, of course, is expensive yet meeting a much needed service to our fellow men and women.

We are falling short in our state and district contributions for our blind and VIPs. I can understand it is because so many of our clubs are not meeting and have not met since all this happened to us last Spring. Yet we must think of how we can help keep our doors open to those who are trying their best to keep raising and training our future leader dogs!

You can always make a personal contribution or have a fund raiser just for Leader Dogs for the Blind. We would like for you to look at the web sight for LDFB and watch the many ways they work with our dogs as they are being taught to become a special asset to our communities.

I have missed coming to your clubs and sharing loads of information and hand-outs to you and want to encourage you to contact the office in Rochester Hills and ask for any information and hand-outs that you can share with others to help spread the good news that: **We ARE STILL AT WORK PROVIDING DOGS FOR THOSE WE SERVE!**

Please contact me if you have questions or concerns about our program and service with Leader Dogs for the Blind! DLDC Antha Reid....336-667-4375

Blessings to you and remember to stay safe and wear your mask!

## Things to Ponder from the MIND of PDG Lion George Culp

- 1 - I want to be cremated as it is my last hope for a smoking hot body.
- 2- Yesterday, I accidentally swallowed some food coloring. The doctor says I'm okay, but I feel like I may have dyed a little inside.
- 3- I wasn't originally going to get a brain transplant, but then I changed my mind.
- 4- My ex-wife still misses me. But her aim is starting to improve!
- 5- The quickest way to make antifreeze? Just steal her blanket!
- 6- I've started sleeping in our fireplace. Now I sleep like a log!
- 7- My wife refuses to go to a nude beach with me. I think she's just being clothes-minded!
- 8- So what if I don't know what apocalypse means? It's not the end of the world!
- 9- Becoming a vegetarian is one big missed steak!
- 10- I'm no cheetah, you're LION!!

I talked to PDG Allen Reinhardt last week & since we hadn't seen each other @ Lion events due to Covid, he let me know some of the things that had been happening to him recently:

Allen said he'd been watching the news before I called. The news anchors are suggesting that folks check up on the elderly. He wants everyone to know he's awake by 6am everyday. BRING DONUTS!

Allen told me he got caught up in a really good book last Friday night. He said he didn't stop coloring till 2 am Saturday morning!

He ask if I did any mechanic work, to which I replied "A little". He told me yesterday that he'd put a large rear end in his recliner!

Lion Allen also informed me he'd just bought himself a brand new Senior GPS for his travels. Not only does it tell him how to get to his destination, BUT, it also tells him WHY he wanted to go there!

Allen asked me if I had been tested for Covid yet? I told him I hadn't & asked him if he had been tested or had the virus. Allen said he went to one of those drive thru clinics the local hospital was sponsoring to get tested recently. They had a large flashing sign that alerted folks to the testing site & he drove his truck & got in line. As the line moved along, Allen saw another large flashing sign that said "FREE TESTING IN THE REAR". He said he'd heard they just swabbed your nose, so I got out of line & left!!

## THE IDIOTT CIRCLE GOING AROUND AGAIN

I realize the last year & the beginning of 2021 has been an emotional roller coaster for everyone. I do love to have a good time, make folks smile & laugh, to forget about their worries or troubles for awhile, thus the creation of IDIOTT CIRCLE. But this moment when I heard one of the greatest speeches I'd heard, came into my thoughts today. It was former Coach & Founder of the V Foundation for Cancer Research, Jimmy Valvano speech @ The ESPYs that I hope I never forget. Jimmy had cancer & was dying when he was presented the Arthur Ashe Courage & Humanitarian Award in 1993. I encourage you to watch it again or for the first time! This is a part of his speech:

"When people say to me, how do you get through life or each day? It's the same thing. To me, there are three things we all should do every day. We should do this every day of our lives. No. 1 is laugh. You should laugh every day. No 2 is think. You should spend some time in thought. No 3 is have your emotions moved to tears, could be happiness or joy. But think about it. If you laugh, you think and you cry, that's a full day. That's a heckuva day. You do that seven days a week, you're going to have something special.

# IYADWYHADYWAGWYHAG

What the heck? Spell check problem? No, just trying to get your attention.

While prepping for our last NAMI meeting, I came across this strange conglomeration of letters regarding supporting innovation. Each of the four focus groups (New Clubs, New Members, Leadership Support, and Member Motivation via Service) have met and continue to look for others of you to join the process.

These groups encourage everyone to contribute, focus on ideas, to be positive, and most of all, encourage wild ideas! So, what do these letters represent?

## If You Always Do What You Have Always Done You Will Always Get What You Have Always Gotten

Your NAMI team continues to create goals and begin to Build-A-Plan toward success. As an example, the Leadership group is working on a Member-

ship Orientation PowerPoint presentation that will be provided to Zones and Clubs. This effort will retire the "New Member Orientation" with an annual orientation for all members new and old.

The New Club focus group plans to seek areas of new club interest and clubs willing to sponsor. They will also educate us on the different types of clubs. We will also be receiving input from both the New Member group and Member Motivation as they continue to meet. Another idea discussed was the need to ensure our club websites are up to date. New marketing promotions are on the way and clubs need to prepare to provide information to potential members seeking information on your club.

Our next step is to share our plans for feedback and then Build Success. It is not too late to join the team. Contact me! There are no bad ideas, only opportunities.

# CLUB NEWS

**Concord Lions** recently became partners in a Cabarrus County program which seeks to reduce homelessness in Concord. There are an estimated 555 Million homeless persons in the United States. This represents a rate of approximately 17 people experiencing homelessness per every 10,000 people in the general population. This information indicates that the homelessness problem exists in every Lions Club community.

Concord Lions have pledged to the group to be a conduit to provide visual assistance where needed. Many of the individuals, whether enrolled in school or seeking employment, may need assistance to ensure that their vision is suited for success.

Concord Lions plan to offer vision screening for participants using their SPOT Vision Screening program once the social distancing requirements are lifted. Meanwhile, ten individuals have been given appointments with local doctors. Should they receive a prescription for corrective lens, the club will assist in the purchase of glasses.

Concord Lions have stepped up to hopefully assist these individuals back on the road to self-sufficiency. We may never know how this act of kindness may affect these individuals. Experience tells us that good vision is paramount to success in school and one's work environment.

Concord Lions are making a difference in their lives. Where there is a NEED, there is a LION!

## Camp Dogwood Volunteer Week

Volunteer Week this year will be March 24-31, 2021. Due to CDC Guidelines and Governor Coopers Executive Orders this week is going to operate a little different this year. Only the maintenance projects that are a necessity are being scheduled. If you are interested in coming for a maintenance project please contact Robert Carroll, Volunteer Chair for job availability.

If you are interested in sorting eye glasses, please contact Tammy Thomas at 828-478-2135 ext 229 or by email at [tammy@nclionsinc.org](mailto:tammy@nclionsinc.org).

We will only be able to have approximately 12 people daily sorting glasses in order to follow social distancing guidelines.

## International Convention Will Be Virtual

Due to the continuing concerns about COVID-19, the LCI Board of Directors have voted to move the 2021 International Convention to a totally virtual convention. This decision was made with the health and safety of Lions, staff and vendors in mind as limiting international travel and large gatherings is key to global containment strategies.

Here are some important details about the 2021 virtual convention:

- **Everyone's invited** – The 2021 convention will be a virtual event that's open to all Lions and Leos around the world.
- **Registration fees** – The registration fee will be US \$50 until March 31, then US \$75 beginning April 1. The registration fee for Leos will be US \$30 regardless of date. Convention is currently scheduled for June 25-29. Additional event and registration details will be provided soon.
- **Current registrants** – Lions who are currently registered for convention will receive an email soon with more information about their registration options.
- **Elections** – Executive officer and international director elections will be conducted electronically and voting procedures will be forthcoming.

**Convention updates** – Check the convention website [LCICon](http://LCICon) for convention updates and details as they become available.

## Resolution Approved by LCI Board of Directors

To support the incredible men and women serving with us during the COVID-19 pandemic, the International Board of Directors unanimously passed the following resolution to help our clubs.

- **Charter and entrance fees waiver** – We have waived all charter and entrance fees from January 1 through June 30, 2021.
- **Flexible payments** – No clubs in good standing on December 31, 2020 will be suspended or canceled through June 30, 2021 for late payment of dues. Full payment is required to be received before June 30, 2021 to avoid suspension or cancellation.
- ***Please note that clubs placed on financial suspension on December 31, 2020 will remain on suspension until the full balance is paid. Those clubs will still need to address their outstanding dues or make arrangements for repayment with the Accounts Receivable Department at Lions Clubs International to avoid cancellation scheduled for March 1, 2021.***
